

PROFESSIONAL DAY/NIGHT IR BULLET CAMERA > BULLET-DN/IR36

The BULLET-DN/IR36 incorporates a high resolution day/night camera, vari-focal lens and a built-in high output multi-LED infrared illuminator. This integrated package is enclosed in a sleek yet rugged housing (available in black or white) which includes a removable sun shroud and is rated for a wide range of environmental conditions indoor or out.

The camera utilizes the latest generation day/night CCD chip technology that offers clear, sharp color images during the day and great black and white performance during the night. The infrared illuminator has 36 long-range 850 nm infrared LEDs with an auto on/off sensor for low-light conditions.

Installation and set up are a pleasure, thanks to the camera's external focal controls and adjustable mounting bracket. The 4 to 9 mm vari-focal lens with auto-iris allows the camera to handle a wide range of lighting conditions. This package is well suited for covert/demanding surveillance applications.
